Plans must be submitted with an Application for Plan Examination and the appropriate deposit before a permit can be issued, except as listed below. Plans are not required for the following.

- 1. When the electrical system rating does not exceed 400 amps and the building is not over 3,500 square feet in area, unless it is determined to be required by the code official.
- 2. Work completed by a governmental subdivision or state agency costing less than \$15,000.00 .

If work being performed as described above, check box below "Plans Not Required."

Plans Not Required

Plans are required for all other building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to 1980 PA 299 and shall bear that architect's or engineer's seal and signature. All projects that require plan review will be assessed a plan review fee.
